

PARTNERSHIP SPOTLIGHT

Centers Health Care x Madison Ave Consulting Salesforce Beyond Go-Live

Centers Health Care is a leading post-acute care, skilled nursing, rehab, and senior services provider. Our partnership goes well beyond the initial implementation.

What is Salesforce Beyond?

A flexible, reliable operating model for Salesforce teams

Salesforce Beyond is not staff augmentation. It is not project-based consulting. It is a framework for organizations that want to get more out of Salesforce without overloading their internal staff.

Bi-Weekly Cadence

Manage and prioritize backlog items on a consistent rhythm.

Training and Coaching

Support for functional and technical team members at every level.

Task Management Board

A dedicated board for clear visibility and tracking across all work.

Scope Forecasting

Timeline and scope guidance informed by deep technical experience.

Technical Guidance

Health checks, maintenance, tech debt reviews, and release readiness.

How It Works

A consistent three-person delivery model

Every Beyond engagement has the same core structure. Experienced external resources augment your internal capacity exactly when and where they are needed.

Lead Consultant

Provides direction and oversight across the engagement.

Project Manager

Facilitates planning, communication, and delivery.

Technical Resource

Handles development, review, and best practices.
