

CASE STUDY

NNN Properties / Surmount x Madison Ave Consulting

Ten weeks to live on Salesforce.

NNN Pro (now Surmount) is a leader in single-tenant net lease investment services, with nationwide coverage and a focus on personalized, in-person service. Their 2024 initiative: revamp Salesforce to support their highly custom business lines in a ten-week timeline.

THE CHALLENGE

Custom CRE workflows on a tight timeline

Complex Business Lines

Highly customized deal processes for leasing, advisory, and development. Each line required its own tailored workflow.

Critical Integration

DealPath as a critical external system to integrate. Transaction data had to flow seamlessly between platforms.

Ground-Up Rebuild

Account, contact, and deal tracking to rebuild from scratch. No shortcuts. No legacy debt carried forward.

10-Week Go-Live

Onsite training and go-live target inside 10 weeks. A hard deadline with real business consequences.

THE SOLUTION

Full-cycle Salesforce implementation

Madison Ave Consulting delivered a comprehensive rebuild of the Salesforce environment, purpose-built for NNN's business model.

Account and Contact Tracking

Custom objects and relationships built to match NNN's client and deal structures.

Business Line Deal Processes

Tailored pipelines for Leasing, Advisory, and Development. Each line works the way the team actually works.

DealPath Integration

Transaction data synced directly. Accounting and commissions data model migrated from DealPath.

Salesforce Maps

Market analysis and territory management built in. Nationwide coverage visualized in real time.

Marketing Center

Sales and marketing aligned on one platform. Proposals and documents generated with Conga.

THE RESULTS

Delivered on time, on budget

10

Weeks Start to Live

Kickoff January 5. Onsite training February 27. Go-live March 4.

1,225

Total Project Hours

Every hour accounted for. Scope managed with precision from day one.

0

Change Orders

Zero. The plan held. The team delivered exactly what was scoped.

3

Business Lines Unified

Leasing, Advisory, and Development all on one platform with a single source of truth.

Project kickoff January 5 → Onsite training February 27 → Go-live March 4. Ten weeks. Zero change orders.

BEYOND GO-LIVE

Madison Ave Beyond managed services

Continuous improvement. Built in.

After go-live, NNN continued with Madison Ave Beyond managed services to keep the platform improving. Bi-weekly backlog cadence. Technical guidance. The flexibility to scale support as their growth demands.

→ **Bi-Weekly Backlog Cadence**

Structured sprints keep the platform moving forward.

→ **Technical Guidance**

Senior Salesforce expertise on demand. No ramp-up required.

→ **Scalable Support**

Flex up or down as the business grows. No long-term lock-in.

Salesforce excellence for commercial real estate. From implementation to ongoing managed services, Madison Ave Consulting is built for the complexity of CRE.
