

PARTNERSHIP

GlobalGiving x Madison Ave Consulting

Nonprofit Cloud + Agentforce

GlobalGiving is transforming aid and philanthropy to accelerate community-led change. Thousands of vetted nonprofit partners. Donors in every country. A platform that has to support all of it, especially during disasters when the first 72 hours decide everything.

Vetted Nonprofits

Thousands of partners across every region

Global Donors

Supporters in every country on earth

72-Hour Window

Disaster response when minutes matter most

Nonprofit Cloud Build, Delivered

We completed a Nonprofit Cloud implementation for GlobalGiving's core donor engagement systems. Unified data model. Gift Commitments for recurring donations. Automation without code. Scalable reporting for the largest nonprofit network of its kind.

Nonprofit Cloud Donor Management

Unified data model built for scale across thousands of active projects and donor relationships.

Integration Planning

Connected across Slack Business+, Google Workspace, and internal databases for seamless operations.

Scalable Architecture

Designed to grow with GlobalGiving's expanding network of vetted nonprofit partners worldwide.

MatchForce: An Agentforce Donor Matching Solution

GlobalGiving issued an RFP in March 2026 for an AI-powered donor-nonprofit matching solution. The goal: reduce donor response time from multiple days to under **60 seconds** for curated recommendations.

Interpret Donor Intent

From email, forms, and messaging tools in natural language

Retrieve Nonprofit Data

Analyze vetted nonprofit profiles in real time

Generate Recommendations

Tailored, compliant outputs with explainable AI

Responsible AI Guardrails

Built on Salesforce Agentforce with trust at the core

WHY IT MATTERS

Speed Equals Impact

The 72-Hour Rule

During disasters, the majority of donations happen in the first 72 hours. Every hour of delay is a dollar that does not reach community-led responders.

MatchForce cuts that delay from **days to seconds**.

→ Increase Funding Flow

Direct more capital to community-led organizations on the ground

→ Improve Visibility

Surface smaller, locally led nonprofits that need exposure

→ Trust-Based Philanthropy

Support principles that put communities first

Dreamforce 2026 prototype target. The clock is running.
