

CASE STUDY

Dandy x Madison Ave Consulting

Salesforce that scales with a company reshaping dental labs.

Dandy is reshaping dental labs with technology that actually works for the people using it. We have been partnering with their Salesforce team since May 2021.

WHAT WE BUILT

Seven Salesforce projects, one connected revenue engine

1

Sales Cloud

Optimization to unlock deeper platform value across the organization.

2

Salesforce Maps

Replaced Spotio for the national field sales team with a purpose-built solution.

3

Territory Planning

Automated account assignment built for scale and speed.

4

Salesforce Scheduler

Coordinating 60 training staff across North American time zones.

GetFeedback NPS

Live surveys posted to Slack in real time.

Slack Integration

Customer success visibility across the business.

End-to-End

Seven systems integrated into one connected revenue engine.

THE RESULTS

Numbers that speak for themselves

185

New Licenses

Salesforce licenses deployed across the organization.

+13%

NPS Increase

Net Promoter Score growth post-implementation.

1,775

Opportunities

New opportunities created in the pipeline.

7

Systems Integrated

End-to-end across the revenue stack.

5

Teams Onboarded

Additional teams onboarded post-optimization.

CLIENT VOICE

What the client said

"The team was incredible. They accomplished a project which took 3 months at my previous company in 1 month at Dandy."

Raymond Miao

Director of Strategy, Dandy

WHY IT WORKED

Fast-moving companies need consulting that keeps up

→ **Admin on Demand**

20 hours per week.
Always available, never overhead.

→ **Professional Services**

Implementation and integration handled end to end.

→ **Senior Talent**

Direct access. No layers.
No delays.

→ **Consistent Delivery**

Transparent cadence
from kickoff to close.

Madison Ave Consulting

Salesforce excellence for tech companies.
