

CASE STUDY

Dandy x Madison Ave Consulting

Salesforce that scales with a company reshaping dental labs.

Partnering with
Dandy's Salesforce
team since **May 2021**

Dandy is reshaping
dental labs with
technology that
actually works for the
people using it.

What We Built

Replaced Spotio for the national field sales team.

Territory Planning

Automated account assignment at scale.

Salesforce Scheduler

60 training staff across North American time zones.

Live NPS Surveys

GetFeedback results posted to Slack in real time.

Slack Integration

Customer success visibility across the org.

End-to-End Integration

Seven systems integrated into one revenue engine.

When viewing radiographs, what percentage of the time are you using [software]?" (Survey II)

The Results

Numbers that speak for themselves.

185

New Licenses

Salesforce licenses deployed across the org.

+13%

NPS Increase

Net Promoter Score growth post-implementation.

1,775

Opportunities

New opportunities created in the pipeline.

7

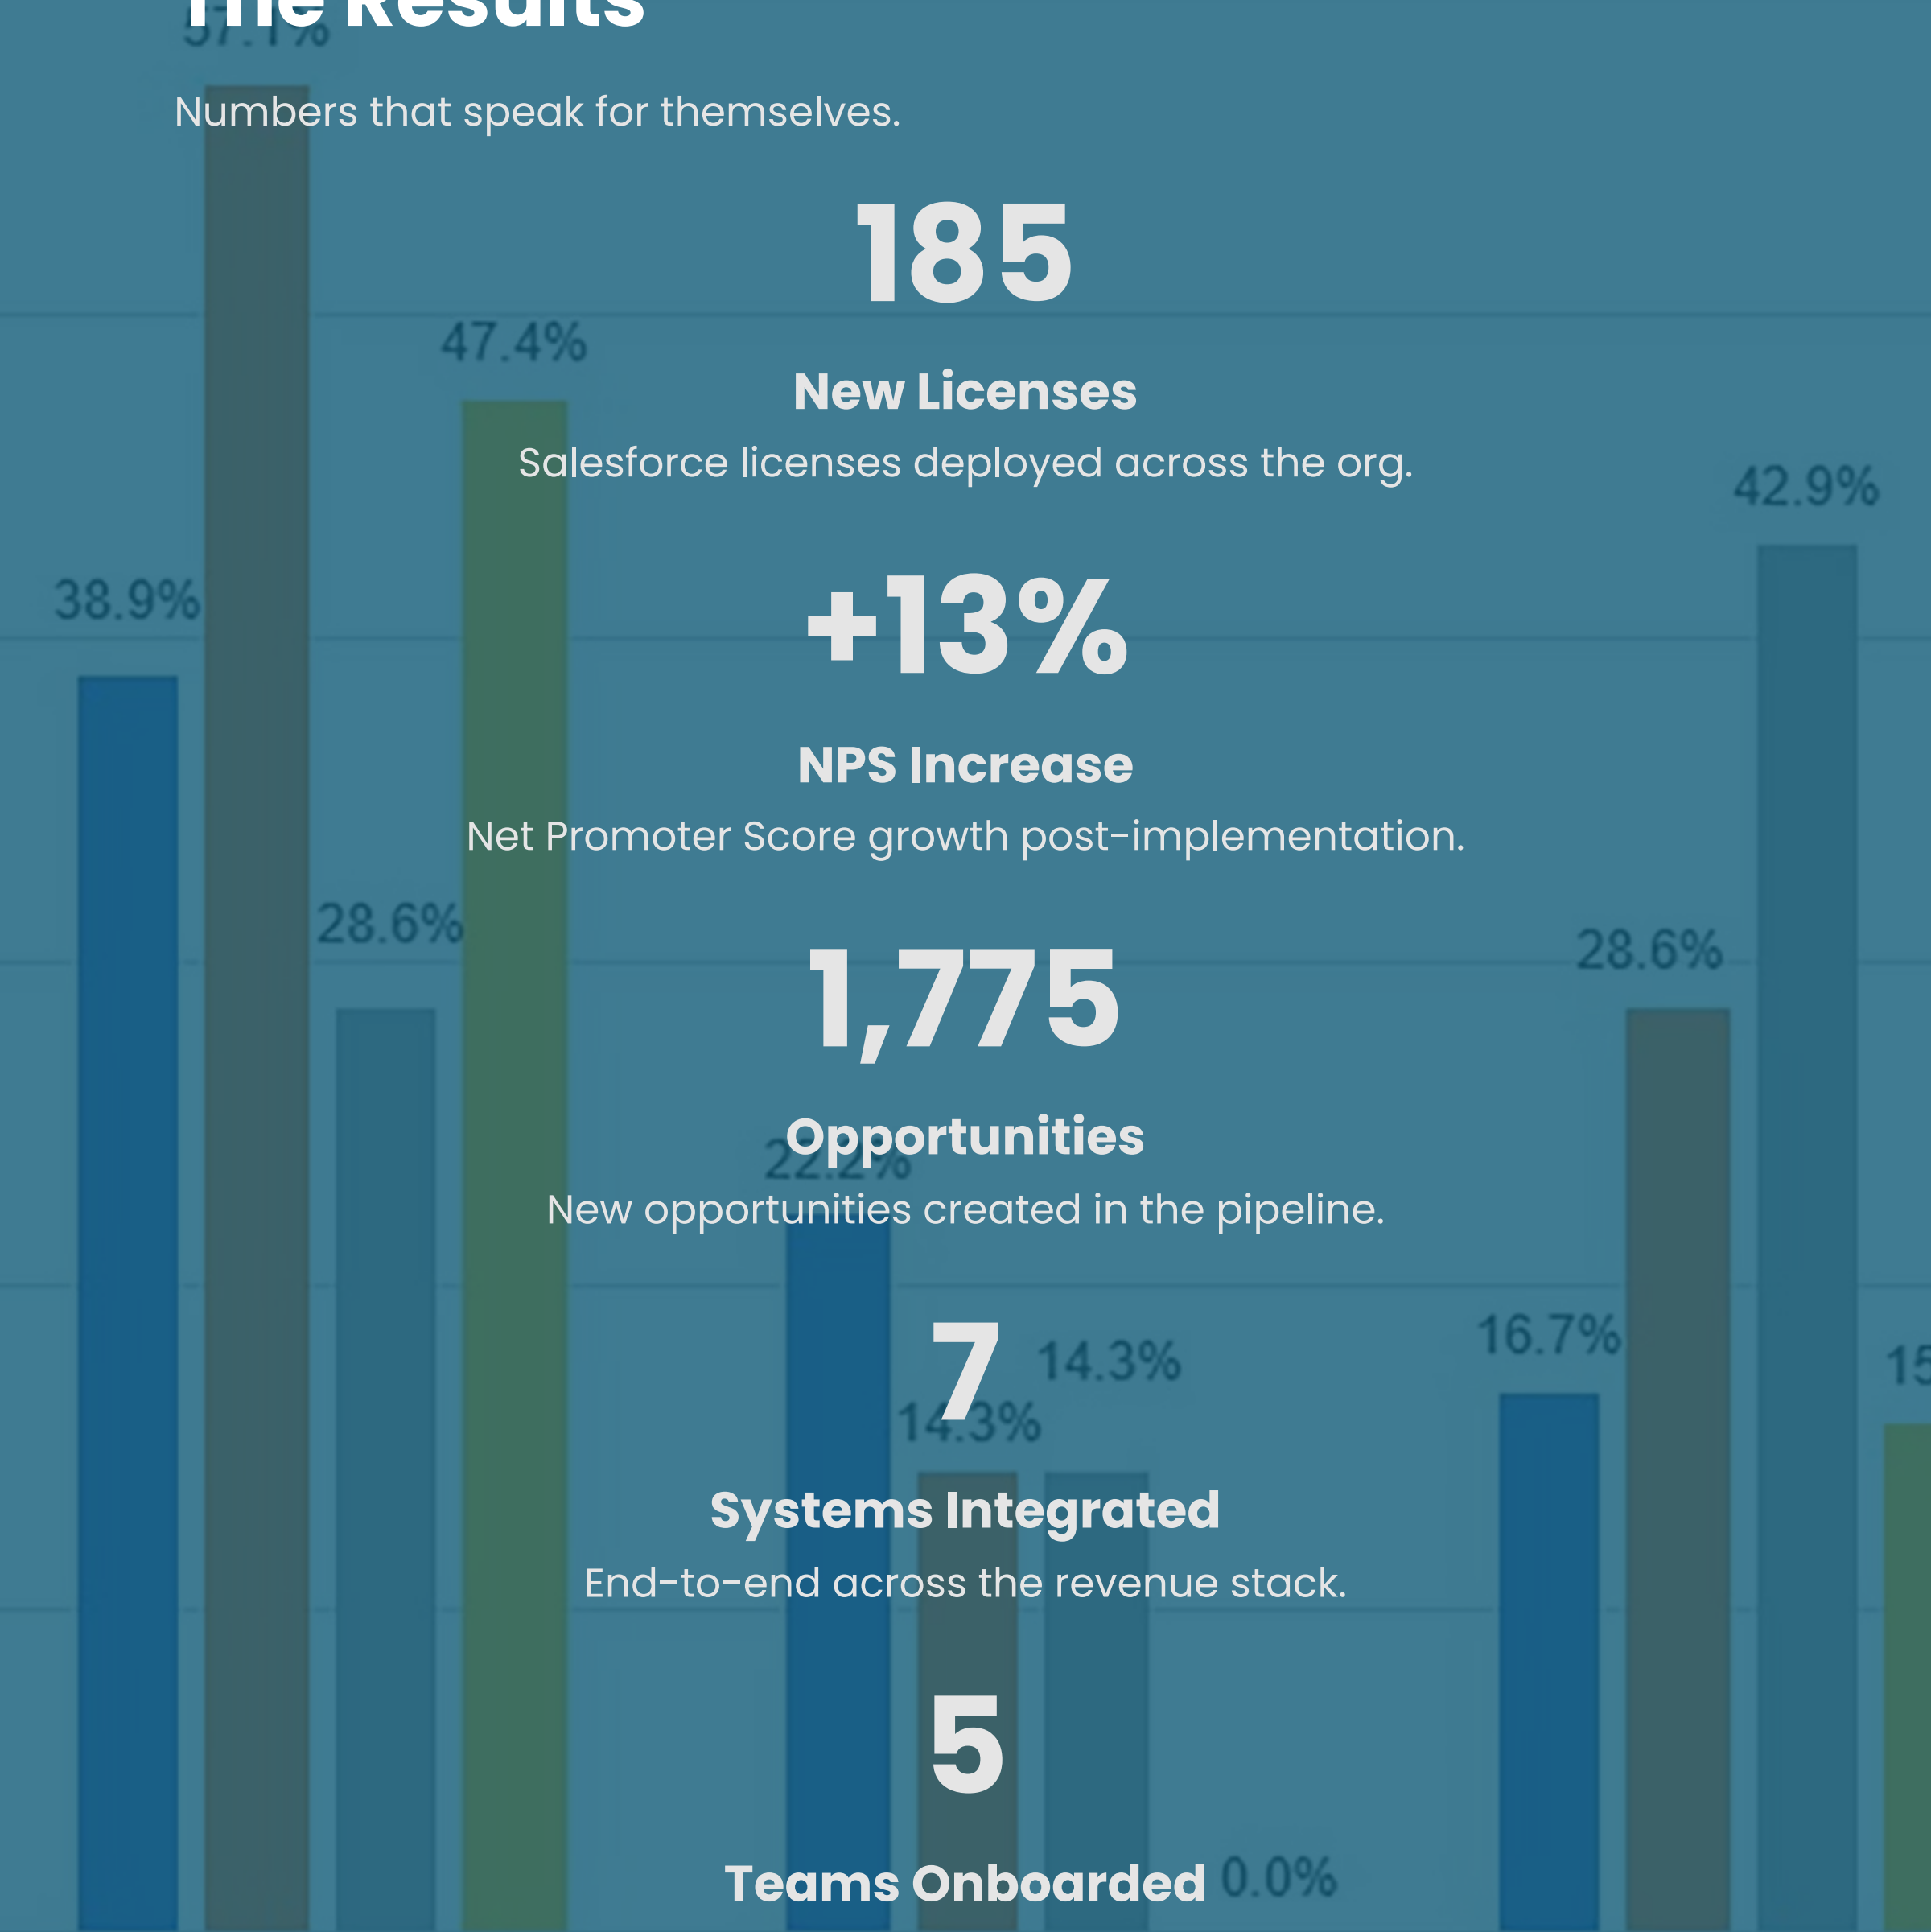

Systems Integrated

End-to-end across the revenue stack.

5

Teams Onboarded

Additional teams added post-optimization.

CLIENT VOICE

What the Client Said

"The team was incredible. They accomplished a project which took 3 months at my previous company in 1 month at Dandy."

Raymond Miao Director of Strategy, Dandy

Why It Worked

Fast-moving companies need consulting that keeps up.

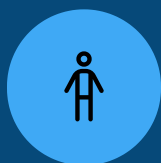

Admin on Demand

20 hours per week. Flexible and responsive.

Professional Services

Implementation and integration done right.

Senior Talent

Direct access. No layers. No delays.

Consistent Delivery

Transparent cadence from day one.
