

CASE STUDY

Anchor Health x Madison Ave Consulting

Healthcare operations built for the pace of care

A six-month transformation that turned a patchwork of legacy systems into a single source of truth for intake, recruiting, onboarding, and case management.

Anchor Health is a rapidly expanding in-home healthcare provider operating across multiple states.

THE CHALLENGE

Outgrowing the tools that built them

Anchor Health was scaling fast. Their legacy systems could not keep up.

Slow Onboarding

New caregiver onboarding took weeks to complete.

Spreadsheet Workflows

Critical processes lived in disconnected spreadsheets.

Fragmented Data

Information scattered across isolated platforms.

Care Quality at Risk

Patient outcomes threatened by operational gaps.

THE SOLUTION

Pulse on Salesforce, end to end

Madison Ave Consulting deployed Pulse for intake, recruiting, onboarding, and case management across multiple states in six months.

White-Glove Team

Dedicated implementation specialists at every step.

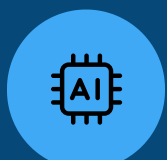

Zero-Loss Migration

Sophisticated data migration with no records lost.

EMR Integration

Direct, live connection to their existing EMR system.

Salesforce AI

Built on Salesforce Lightning with embedded AI capabilities.

THE RESULTS

Outcomes that move the business

\$50K+

Annual Savings

Eliminated legacy licensing costs immediately.

2x

Team Productivity

Intake team output doubled across the board.

2x

Caseload Capacity

Each intake rep now processes twice the caseload.

360 Patient View

Every patient and caregiver visible in a single unified record.

Live EMR Data Flow

Real-time data sync with their EMR system. No manual updates. No lag.

CLIENT TESTIMONIAL

What the client said

"This is the most advanced system we have encountered. The Pulse team showcased capabilities that simply do not exist in other solutions."
